## ***On my way to school...***

Leon Spiteri (Year 4 Student)

I attend Qrendi Primary School and to go to school I leave home at seven o' clock.

I go to school with my mum. We go to school with my father's van.

On my way I see my teacher and I also see beautiful flowers. Sometimes I meet my friend Gabriel, who is one of my classmates.

On our way, my mother always stops to chat with other parents.

Sometimes, before going to school, we also go to buy some food.

Near our school there is the Parish Church and on my way I always stop to say a prayer.

I like school because we always learn interesting facts.
